## About the course

### Background

In cooperation with the Hebrew University of Jerusalem's Faculty of Agriculture – MASHAV's only academic affiliate – we are pleased to announce the opening of a training and capacity building program on Bioinformatics and biotechnology: today's tools for tomorrow's agriculture in a world of global environmental changes. The course will be held in Israel at the Robert H. Smith Faculty of Agriculture, Food and Environment, International School of Agricultural Sciences, in Rehovot from, May 9 – June 8, 2016.

### Aims

Today's challenges are various and contradictory. Increased agricultural yields are needed in order to feed a growing population, negative environmental impacts must be minimized, and production has to adapt to a rapidly and ever-varying environment stemming from climatic change. New technologies and new approaches, such as improved crops through genetic engineering and genomic-assisted breeding, and the use of recycled wastewater, are being developed at our Faculty in order to address these challenges. Our aim is to provide participants with necessary tools to develop and pursue ways of dealing with increased product demand, with the requirement for reduced negative impact and with significant environmental changes such as desertification, water shortages, salt stress and crop diseases.

The course is aimed at promoting the use of new biotechnological techniques in modern agricultural production. The environment is changing and this important parameter will be a central component of this course.

### Main Subjects

The topics will reflect societal research needs and the research interests of our Faculty. They will be organized around central themes relevant to today's agricultural challenges and where biotechnology can make a difference:

#### ❖ Principles in Biotechnology

Introduction to Agro Biotechnology and Microbiology

#### ❖ Molecular Biology:

Plant molecular biology – basics and principles

Laboratory in Plant Molecular Biology: cloning, plant transformation, gene analysis

#### ❖ Bioinformatics:

From single gene analysis to database mining. Basic principles in bioinformatics and laboratory: Nucleotide and protein sequence analyses at various scales, Genomics, Phylogenetic analysis, Diversity analyses, Biostatistics

Molecular markers based plant breeding

Principles of microbial ecology in agricultural biotechnology

Principles in Agro Biotech business

Precision agriculture

#### ❖ Agriculture under Stress - Climate Change and Desertification

Improving of Agriculture Yield under abiotic stress

Molecular Breeding Tools

### **Study Conditions**

- Classes will be held at the Faculty's Rehovot campus, where there are laboratories, advanced research equipment and the central library of Agricultural Science.
- Around-the-clock computer access will be provided, and computers will be used extensively.
- We recommend that participants who own a personal computer bring it with them for their own convenience.
- Scientific material and homework will be assigned and graded.
- Professional field trips will be held.
- Full attendance is required.

\*We reserve the right to make changes in the academic program

## **Application**

### **Application Requirements**

#### **Course completion**

Each participant will prepare a seminar presentation, which will be reviewed and graded. It should apply knowledge acquired during the course to a topic in biotechnology. Participants are advised to bring with them digitalized data relevant to their countries. On completion of the course and fulfillment of its requirements, participants will receive certificates.

#### **Requirements**

Candidates interested in attending this program require:

An academic degree (M.Sc. or above) in biology, animal sciences, agriculture, or in a related field from a recognized university.

An authorized certificate of English proficiency at a level of at least 89 on the TOEFL new Internet based scale or an internationally recognized equivalent.

A detailed record of studies and copies of last degree received must be included with application forms.

An official signed and stamped certificate of good health.

Professional experience in the field of biotechnology is preferable.

Letters of recommendation from the candidate's place of work or study.

#### **Cost and application**

Scholarships are available from MASHAV (see below) to cover the fee for study. The scholarship covers tuition, board, lodging and travel in Israel required for the purposes of the program of studies. This fee does not include travel costs to and from the home countries or incidental expenses.

Application forms may be obtained from the nearest Israeli diplomatic or consular representative or can be downloaded from the website of the Israel Foreign Ministry, MASHAV Study Programs at:

<http://www.mashav.mfa.gov.il/MFA/mashav/Courses/Pages/default.aspx>

Completed applications **MUST** be sent directly to the Israeli representative in your country by **April 1<sup>st</sup>, 2016**. In addition, you must send a copy of the forms in PDF format and **not** JPEG to the Faculty by email to: [malab@savion.huji.ac.il](mailto:malab@savion.huji.ac.il).

#### **Additional information**

**ACCOMMODATIONS:** Single bedroom accommodation in a shared apartment will be provided in our fully equipped guest house on campus. Meals will be provided. Both laundry (on campus) and dry cleaning (in town) are at the participant's expense.

## General Information

### Arrival and Departure

Arrival date: 8/5/2016  
Opening date: 9/5/2016  
Closing date: 7/6/2016  
Departure date: 8/6/2016

Participants must arrive at the training center on the arrival date, and leave on the departure date. Early arrivals/late departures if required, must be arranged by the participants themselves, directly with the hotel/center, and must be paid for by the participant him/herself.

### Weather

The weather in Israel during the months of May and June is warm and summery, approximately 18-30°C. Participants are requested to bring light clothes suitable for warm weather, including short-sleeved shirts, a bathing suit (optional), a hat and comfortable walking shoes. It is advisable to bring a light sweater or jacket.

### Location and Accommodation

MASHAV awards a limited number of scholarships. The scholarship covers the cost of the training program including lectures and field visits, full board accommodation in double rooms (two participants per room), health insurance (see below) and transfers to and from the airport. Airfares and daily allowance are not included in the scholarship.

### Airport transportation

Those accepted to the course will supply flight details to their local Israeli representative and to us. Upon arrival in Israel, the participant will pick up his/her luggage. After passing through customs, the participant will enter the arrivals terminal and walk towards the left. Go up the escalator to the first floor. On the left, behind the car rental counters, you will see a counter of a company called **MONI-SITON**. This is a special taxi service, which has a list of expected arrivals. Go to the counter and tell them your name, country and that you're attending a course at the Faculty. You will be taken to the Faculty of Agriculture, Rehovot, free of charge. This service is pre-paid.

**PLEASE DO NOT TAKE ANY OTHER FORM OF TRANSPORTATION!**

### Health Services

Medical insurance covers medical services and hospitalization in case of emergency. It does not cover the treatment of chronic or serious diseases, specific medications taken by the participant on a regular basis, dental care and eyeglasses. Health authorities recommend that visitors to Israel make sure they have been inoculated against tetanus in the last ten years. Subject to the full binding policy conditions. Participants are responsible for all other expenses.

### About MASHAV

MASHAV – Israel's Agency for International Development Cooperation is dedicated to providing developing countries with the best of Israel's experience in development and planning. As a member of the family of nations, The State of Israel is committed to fulfilling its responsibility to contribute to the fight against poverty and to the global efforts to achieve sustainable development. MASHAV, representing Israel and its people, focuses its efforts on capacity building, sharing relevant expertise accumulated during Israel's own development experience to empower governments, communities and individuals to improve their own lives.

MASHAV's approach is to ensure social, economic and environmental sustainable development, and is taking active part in the international community's process of shaping the Post-2015 Agenda, to define the new set of the global Sustainable Development Goals (SDGs).

MASHAV's activities focus primarily on areas in which Israel has a competitive advantage, including agriculture and rural development; water resources management; entrepreneurship and innovation; community development; medicine and public health, empowerment of women and education. Professional programs are based on a "train the trainers" approach to institutional and human capacity building, and are conducted both in Israel and abroad. Project development is supported by the seconding of short and long-term experts, as well as on-site interventions. Since its establishment, MASHAV has promoted the centrality of human resource enrichment and institutional capacity building in the development process – an approach which has attained global consensus.

## **About**

### **The Hebrew University of Jerusalem**

The Hebrew University of Jerusalem was opened in 1925, preceding the establishment of the State of Israel by more than two decades. The University was designed to be a world class institution of higher learning and research. Today, the Hebrew University comprises seven faculties, 15 schools, some 60 research centers, a student body of about 23,000 and a tenured-track faculty of some 1,500. One third of its enrollment is at the M.Sc. and Ph.D. level.

### **The Robert H. Smith Faculty of Agriculture, Food & Environment**

The Hebrew University's Robert H. Smith Faculty of Agriculture, Food & Environment was established in 1942 in Rehovot, a city at a distance of some 55 km from the main campus of the University in Jerusalem. The site was chosen with considerations of its climate and soil conditions. It is the only agricultural institution of higher education in Israel offering university degrees. The International School of Agricultural Sciences is aim to expose academic graduates from abroad to post-graduate programs, giving them insight into the achievements and research of Israel in general and of the Faculty in particular, expanding their knowledge in specific fields and creating opportunities for international cooperation.

Dear Applicant,

Thank you for applying for a professional training program in Israel. In order for us to consider your application, please complete the enclosed form and return it to the nearest Israeli representative (embassy or other).

Please make sure that all the required information has been provided in detail. Please type your answers. This will facilitate the application process and enable us to make our decision in as short a time as possible.

Only candidates who are accepted will be notified by the Israeli representative.  
 Thank you for your cooperation.

**ESSENTIAL:**

This application form must be TYPED IN THE LANGUAGE OF THE PROGRAM, and accompanied by the following:

- Completed and approved medical certificate form (attached).
- Certificate of language proficiency (If the language of the program is not your mother tongue or the official language of your country).
- Photocopy of the relevant highest academic degree obtained translated to the language of the program.
- A passport photo.
- Two letters of recommendation from present employers or relevant affiliation.
- These forms should reach the nearest Israeli representative at least ten weeks prior to the opening of the program.

TRAINING PROGRAM \_\_\_\_\_ Date \_\_\_\_\_

I, the undersigned, Mr./Mrs./Miss \_\_\_\_\_ of (country) \_\_\_\_\_ in submitting my application for study and/or training in Israel as described earlier, declare as follows:

- (A) I UNDERSTAND that it is the intention of the government of Israel to enable me, if I should be found suitable, to participate in a period of study and/or training in Israel as part of the cooperation between the Government of Israel and my country.
- (B) I AM FULLY AWARE that the training opportunity given to me is designed for the benefit of my country's development. I, therefore, pledge to participate fully in all studies offered and to comply with all regulations established by the professional institution hosting the training program.
- (C) I CLEARLY UNDERSTAND that the purpose of my visit to Israel is to study and/or train. Therefore I will refrain during my stay in Israel from engaging in any political activity and/or gainful employment.
- (D) I AM FULLY AWARE that my stay in Israel may be discontinued if I should commit any infraction of my undertaking in this declaration, and/or of the Israel civil or criminal law, and/or break the rules and regulations of the school or institute where I will be studying and/or training.
- (E) I UNDERTAKE to return to my country upon the completion of my studies, as stipulated by the Government of Israel and the supervisors of my training program.
- (F) I UNDERSTAND that the Government of Israel cannot in any way be held responsible for the material needs of my family during my stay in Israel, nor for my employment upon my return to my country.
- (G) I AM FULLY AWARE that the legal, financial, and moral responsibility of the Government of Israel ends with the conclusion of the training program.
- (H) I AM - to the best of my knowledge - of healthy body and mind and do not require any medical treatment or attention.
- (I) I UNDERTAKE to submit to a further medical examination before or during my studies when required to do so by the Government of Israel.
- (J) I AM FULLY AWARE that the institute does not bear any responsibility whatsoever for my money, valuables, documents etc. Similarly, the institute bears no responsibility whatsoever for loss of money, valuables, documents, etc.
- (K) (FOR WOMEN) I AM NOT - to the best of my knowledge - pregnant, and I understand that I am liable to be sent home in case of pregnancy.
- (L) I UNDERSTAND that the organizers do not accept any responsibility for the treatment of chronic diseases, dental treatment or eye glasses during my stay in Israel.
- (M) I ALSO UNDERSTAND that my personal belongings are not insured by the organizers.
- (N) I HEREBY CERTIFY that all information and documents presented are correct and truthful.
- (O) I AM FULLY AWARE that it is my responsibility to obtain the name and location of the Israeli institute to which I am going, its address and how to arrive there.

(P) I UNDERSTAND that all the financial arrangements have been finalized with the Israeli Representative before my arrival in Israel.

(Q) I FULLY UNDERSTAND that, unless stated otherwise, the insurance policy under which I shall be insured by the Israeli institute covers me only during the period of the course/program within the area of the State of Israel.

**I confirm hereby my full agreement to these conditions.**

Office of the President  
Kasetsart University  
50 Paholyothin, Bangkok 10900

Dear Assoc. Prof. Dr. Bancha Kwanyuen,

I have the honor to inform you that the international course on "Bioinformatics and Biotechnology: Today's tools for Tomorrow's Agriculture in a World of Global Environmental Changes" will be held at the Robert H. Smith Faculty of Agriculture, Food & Environment, International School of Agricultural Sciences of the Hebrew University of Jerusalem in Israel during 9 May – 7 June 2016. The brochure of which and one set of application form are herewith enclosed.

The course aims at promoting the use of new biotechnological techniques in modern agricultural production. The environment is changing and this important parameter will be a central component of this course.

Candidates interested in attending this program require an academic degree (M.Sc. or above) in biology, animal sciences, agriculture, or in a related field from a recognized university and preferably professional experience in the field of biotechnology. A full command of good English is required.

The completed application forms should be submitted to Embassy of the State of Israel in Bangkok as soon as possible but no later than 1 April 2016. A limited number of scholarships are available for the appropriate candidates provided by the Embassy of the State of Israel in Bangkok. The Embassy would be grateful if you could announce the above-mentioned course to those who are interested and work in related field.

For further information, please contact the Embassy of Israel at the following numbers and e-mail address:
